

Battery system

Battery system up to 7.5 kW for backup power supply

Product description

Second independent power supply for conveyor drives in the closing area of conveyor system closures. Temporary power supply of the conveyor drives in case of fire and simultaneous power failure.

Product designation	Emergency power generation	Frequency converter	Movitrac (SEW)
Rated voltage	3x230V / 3x400V AC	Safety relay	optional
Connected load	2.5kVA	Casing (type)	Rittal AE/VX
Brake voltage	96V DC • 168V DC • 230V AC (optional)	Casing (size)	800x1000x300 mm • Larger dimensions on request
Control voltage	24V DC	Casing (colour)	similar to RAL 7035
Output voltage	3x200V AC / 25Hz • 3x400V AC / 50Hz	Degree of protection	IP 54
Output power	4.0....7.5kW	Ambient temperature	0°...+40°C
Batteries UPS	26
